**DUNS** 112358259

**CAGE CODE** 5NFN0

## NAICS CODES

### ■ Primary

- 541330 - Engineering Services
- 541511 - Custom Computer Programming Services

### ■ Additional

- 236210, 236220, 237130, 334118, 335129, 423310, 423320, 423330, 423390, 423440, 423610, 423720, 423730, 423740, 423810, 423820, 423830, 423840, 423860, 423990, 424950, 424990, 532411, 432412, 532490, 561210

## ■ Core Competencies

### ■ SCADA SYSTEM DESIGN & INTEGRATION:

- Expertise in designing, developing, and integrating SCADA systems for various industries, including water/wastewater, oil & gas, energy, and manufacturing.
- Custom SCADA programming and configuration tailored to client specifications.
- Integration of SCADA with existing plant control systems, ensuring seamless operation.
- Utilization of various OPC Servers, Communication Protocols and PC / Server / Network Appliance Hardware.
- Experience with a wide variety of PLC manufacturers and legacy and new PLC models with associated programming software.
- Experience with a wide variety of SCADA software and HMI graphics.

## ■ SCADA SYSTEM UPGRADES & MODERNIZATION:

- Upgrading legacy SCADA systems to the latest technologies, improving efficiency, security, and reliability.
- Migration from obsolete hardware and software platforms to state-of-the-art solutions.
- Implementation of advanced data analytics and reporting tools for enhanced operational insights.

## ■ CYBERSECURITY FOR SCADA SYSTEMS:

- Experience in execution of DOD RMF (Risk Management Framework) cyber security types and measures to obtain an ATO (Authority to Operate).
- Implementation of robust cybersecurity measures, including firewall configuration, intrusion detection systems, and network segmentation, to protect critical SCADA infrastructure.
- Compliance with industry standards and best practices, such as NERC CIP and ISA/IEC 62443.

## ■ 24/7 SCADA MONITORING & SUPPORT:

- Around-the-clock monitoring and support services to ensure continuous operation and rapid response to issues.
- Remote troubleshooting and system maintenance to minimize downtime.

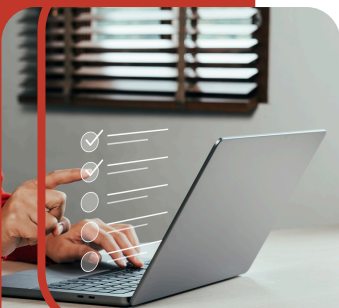

## ■ TRAINING & DOCUMENTATION:

- Comprehensive training programs for operators and engineers to effectively manage and utilize SCADA systems.
- Detailed documentation and user manuals to support system operation and maintenance.

# Past Performance

- **Project Name: P-088. Harbor Drive Switching Station**
  - **Client:** Helix Electric
  - **Scope:** Supplier of Electrical
- **Project Name: USNA Center for Cyber Securities**
  - **Client:** Turner
  - **Scope:** Supplier of Switchgear, SCADA System , Lighting and Controls, Generators and Paralleling switchgear.
- **Project Name: P-416 Energy PMRF Power Grid; Pacific Missile Range Facility / US Naval Facility**
  - **Client:** Helix Electric
  - **Scope:** Supplier of Switchgear, MV Cable and Precast, and Power Monitoring
- **Project Name: Vasche Library Renovation – CSU Stanislaus**
  - **Client:** Helix Electric
  - **Scope:** Supplier of Switchgear and Power Monitoring
- **Project Name: DISA Bldg. 3087 Essential. Bus and Generator System Equipment Installation**
  - **Client:** Helix Electric
  - **Scope:** Supplier of ATS, Paralleling Switchgear, Busduct and Electrical Metering.
- **Project Name: Stratcom**
  - **Client:** Kiewit / Hensel Phelps Joint Venture
  - **Scope:** Supplier of Switchgear, Lightning and Controls, ATS, Generators, and Electrical Monitoring
- **Project Name: Fort Bliss Replacement Hospital**
  - **Client:** Clark / McCarthy Joint Venture
  - **Scope:** Supplier of Switchgear, Lightning and Controls, ATS, Generators, and Electrical Monitoring
